Town Council Doings.

At the October Town Council meeting it was reported that \$53 had been paid by Dr. Markley, money paid by citizens of York street toward the expenses of repairing the first square of the street. The money was accepted and Borough Attorney told to go after the people who had not paid what they promised.

Councilman Keith reported the Tiber as still very offensive. The Borough Attorney was directed to notify users of the run for sewer purposes to stop such use. Whether the attorney is expected to ferret out these connections as a sewer inspector does not appear, the hope held out for better conditions was rain and heavy rains at that.

The Secretary of War is to be asked for permission to make sewer extensions in the south-east end of the town. That will likely require an act of Congress and extensions made in the far distant future. Mr. A. E. Plank was refused an extension on Stratton St.

Councilman Keith asked for a fire plug at Mummaburg street and Lincoln avenue and Property Committee said it was not needed and when Mr. Keith said the point was 1900 to 1200 feet from the next nearest plug, the Property Committee were told to do their work over.

Letters were read from both railroads promising to reduce all noises to a minimum and the Reading also promised to safeguard the crossing in western end of town by forbidding any shifting at those places, which means about the same old thing that has been going on, very dangerous crossings.

Burgess Raymond reported collections for July \$26.50, August \$11.50, and Sept. \$4.25.

Market Master Emmons reported collections of \$7.50.

The Treasurer reported \$256.12 in general fund, \$74.95 in special and bank balances paid by hackmen, \$352.

End of East Berlin Railroad.

After the meeting in East Berlin on last Friday evening as to railroad prospects, there were neighbors of Wm. G. Leas who were willing to say that he was misapprehended when pictured with a warm spot in his heart for the welfare of his native town. They said his only interest was to make \$2 for every \$1 he had in the East Berlin railway. Over 300 people were at meeting and the committee reported that Wm. G. Leas had said they would have to pay him \$30,000 for the road that he had laid out for \$15,000 for. He wanted \$20,000 cash and mortgage for \$10,000. He was offered \$15,000 and refused. The demand and refusal were accepted as the end of the old Berlin railway, and meeting voted that the committee should interview officials of the York Railway Company to ascertain what that company wanted to give trolley connections to the town.

Mrs. Stallman and daughter have returned to their home in York after a visit at the home of Mr. and Mrs. E. S. Faber.

GEN. WADSWORTH STATUE. GETTYSBURG, PA.

DEDICATION OF STATUE

TO MAJOR GENERAL JAMES SAMUEL WADSWORTH.

Many Survivors Present of Wadsworth's Division of the First Army Corp.

On Tuesday afternoon the handsome bronze statue of Major General James Samuel Wadsworth, commander of the First Army Corps at the Battle of Gettysburg, located on Reynolds avenue, was dedicated with appropriate ceremony.

The monument was the gift of the State of New York in honor of her gallant sons, and the erection was in charge of the New York Monument Commission, Colonel Lewis S. Stegman, chairman, other members being Col. Clinton Beckwith, Col. Horatio King and Brig. Gen. Henry D. Hamilton. The itinerary of the visitors and dedication had been carefully planned by the commission and everything was carried out most successfully and to the great pleasure of the veterans. A special train brought the largest number and upon arrival rooms were found assigned for the party. Carriages were provided for all trips over the field, every detail thoughtfully planned for the comfort of the veterans. The party arrived Monday evening and after dining were serenaded by the Citizens' Band of this place. Tuesday morning was spent in visiting Culp's Hill, the Round Tops and other points.

Promptly at 1 o'clock the procession formed on Chambersburg street to go to the scene of dedication. Gen. John A. Reynolds was in charge of the procession as chief marshal and led with the speakers in carriages. The two troops of U. S. Cavalry and Band formed on Washington street and were next in line. Then followed the official party, the New York Monument Commission and invited guests. The Citizens' Band of Gettysburg led the veteran division made up of survivors of the 14th Brooklyn, 54th, 76th, 95th, 147th, 24th, 102nd, and 104th New York Vols.; Battery L, 1st N. Y. L. A. veterans of the G. A. R. and York Battery of Artillery. All in the procession were thoughtfully provided with carriages. The line of parade was out Springs road and Fairfield road to Reynolds avenue and north to the site of the monument a short distance beyond the railroad bridge.

The dedication exercises opened with music by the Citizens' Band of Gettysburg and prayer by Rev. Wm. T. Gray, 102nd N. Y. Veteran Volunteers. Colonel Lewis R. Stegman, chairman of the New York Monument Commission, took charge of the ceremony with introductory remarks, welcoming the veterans and others present and paying a high tribute to the memory of Gen. Wadsworth. He recalled incidents of the first day's fight with which the name of Gen. Wadsworth is associated.

After music by the U. S. Cavalry Band Master Jeremiah Wadsworth and Evelyn Wadsworth, great-grandchildren of the General, pulled the cords, unfolding the flag in which the statue was wrapped and the statue was unveiled. Immediately a Major General's salute was fired by the York Battery of Artillery.

Captain Albert M. Mills of the 5th New York Cavalry, Gamble's Brigade, Buford's Cavalry, delivered the oration. At the start he called attention to the fact that the veterans nearest Gen. Wadsworth in life were conducting the dedication services. He gave an account of the ancestors of Gen. Wadsworth, who emigrated from Connecticut to New York. He also told

the sterling qualities of the General and illustrated it with an incident from his life. A Virginia farmer had been arrested as a spy and taken before Gen. Wadsworth who assuring himself of the farmer's innocence released him. May 6th, 1864, Gen. Wadsworth was mortally wounded at the Battle of the Wilderness, receiving his wounds on a farm adjoining the farm of his Virginia farmer whom he had befriended. The farmer found his friend, took him to his home and tenderly nursed him until he died. He then communicated with relatives and sent the body home. The speaker declared in conclusion that as long as liberty lasts Gen. Wadsworth's name will be remembered and honored.

After music by the Citizens' Band Gen. Horatio C. King of Sheridan's Cavalry Corps, made an address, referring to the type of men who fought out the issues of the Civil War on both sides, and referring to Gen. Wadsworth said, "Most conspicuous of those not a graduate of West Point, who tendered his services, was the citizen and soldier to whom we do honor today. Born in 1807 Gen. Wadsworth was ten years beyond the age for military duty when he received his appointment as Brigadier General of Volunteers. Rich in worldly possessions he laid the care aside in his efforts for the Union. At Fredericksburg and Gettysburg he manifested high military skill and in the uncertain contest in the Wilderness he met death while rallying his men. Horace Greely in his 'American Conflict' says 'The country's salvation claimed no nobler sacrifice than that of James Wadsworth of New York. No one surrendered more for his country's sake or gave his life more joyfully for her deliverance.' Conspicuous in civil life he won a crown of glory in his soldier devotion to his beloved land."

Following music by U. S. Cavalry Band, Hon. James W. Wadsworth, a grandson of Gen. Wadsworth, and President of the National Soldiers' Home expressed the gratitude of the family to the State of New York and the veterans for the monument erected to the memory of their ancestor. After the reading of a poem for the occasion, entitled "The Battle Years," by J. I. C. Clarke, and remarks by Hon. John F. Muraugh and Hon. Thaddeus C. Sweet, the benediction was pronounced by Rev. Oscar L. Severson, 157th New York Volunteers.

Philadelphia detectives took the prisoner to the city on Saturday.

The garage of Conrad Walter of McKnightstown was entered early on Monday morning and his Ford car stolen. No one heard the operations of the thief. Next day the car was found by Clifford Sanders on Boyer's Hill near Fairfield, where it is thought it stalled and was abandoned.

Furs

We are the only store in Gettysburg with the celebrated NAROBIA FURS. By buying Narobia you can get Silly, Soft, FAST BLACK FURS from which the top hair cannot rub off nor fall out, at far below the price of Fox, Lynx, Wolf, &c., which they closely imitate. We are showing a great assortment of Neck Pieces in new shapes, as well as the new shape Muffs. Also a full line of Fur Pieces in Fox, Natural, Pointed and Dyed, Hudson Seal, Raccoon, Gray Kit, Marmott and others.

We have never shown such an assortment or been able to give as good values in Furs.

Kid Gloves

Notwithstanding that we gave an import order for Kid Gloves in March last, for delivery October 1st, we were compelled to pay a very sharp advance on these prices, to have even a part of our order filled---or have it entirely cancelled. The fact that the factory in Grenoble was taken for army barracks and much of the stock destroyed---the almost prohibited ocean freight rates and insurance, and that all freight must be carried in auto trucks over many miles of mountain roads to distant ports---has added greatly to the cost of Kid Gloves so, as the importer claims, the advance made did not in any sense pay them and future orders will only be filled at still much high prices. Our present prices while this new stock lasts

NEW DIRECTORY OF ADAMS COUNTY

Our representatives wear this badge.

The publishers of the old reliable FARM JOURNAL of Philadelphia, are preparing to publish the Illustrated DIRECTORY OF ADAMS COUNTY, giving the name, post-office, rural route, and telephone connection of every farmer, business man, and householder in the county, all arranged alphabetically, and a classified BUSINESS DIRECTORY, including all business houses in the county, arranged under the proper headings.

With the Directory is given a complete ROAD MAP of the county, with every road NUMBERED to show the exact location of each farm, as given in the Directory.

This Directory will contain many interesting PICTURES of well-known farmers and business men of the county, fine farms, thoroughbred stock, churches and public institutions, schools and pupils, etc.

The names and necessary information are being secured by PERSONAL CANVASS of all houses and business places, and of the 3752 farms in the county. This Directory and Road Map are so useful and interesting that from our experience in other counties we can guarantee that the Directory will go into at least TWO THOUSAND HOMES OF ADAMS COUNTY, where it will be constantly used by farmers and business men for the next five years.

The Farm Journal Directories are an immense improvement over directories, containing what most publications do not give. Beside all the usual formation, they give the names, addresses, telephone connection, and other important information about FARMERS, secured by PERSONAL CANVASS from each farmer himself. This canvass of country districts is so costly that most directory publishers cannot afford to make it, and ordinary lists of farmers published are in nearly all cases merely copied from official lists.

The classified BUSINESS DIRECTORY includes every business house in the county, whether in city or country. In other directories the names of houses in cities and large towns only are given.

These features with the ROAD Map, makes the Farm Journal Directory an indispensable hand-book for every live farmer and business man in the county.

If you are not sure that correct information about your farm or business has been given to one of our canvassers, please send it direct to our main office.

DEMOCRATS ISSUE NEW CHALLENGE

Give Rivals Chance to Present
Arguments Side by Side
With Democratic Facts.

BULLETIN BOARDS COVER STATE

Republican and Other Party Leaders
Have Been Offered Use of Space on
Board—First Bulletins Out.

Harrisburg, Oct. 4. — Another remarkable innovation in campaigning methods has been announced by the Democratic State Committee. Bulletin boards for the use of all political parties and other organizations engaged in the present campaign will be printed and posted by the committee in every part of the state.

Space on these boards has been reserved for each party organization,

and Chairman Morris in a letter to the chairman of each of the other parties has formally offered the use of this space to the regular party organizations, and has pledged the cooperation of the state committee with the other committees in making it a fair and effective means of getting the actual facts from the point of view of the various parties before the voters.

No restrictions as to the form or contents of the argument to be presented by the various parties have been imposed by the Democratic committee, except only the general condition that each party shall help to maintain fair play in the use of the boards and that nothing shall be displayed that does not bear directly upon the campaign.

Chairman Morris in a letter to the chairmen of the other parties outlined the scheme as follows:

"The Democratic State Committee proposes to post in conspicuous places throughout the state a bulletin board containing spaces for the use of all the political parties, including your own. The space allotted to each party will be approximately 10 inches by 14 inches, and in that space we invite you to place in any form which you see fit facts and arguments to sustain the position of your party on the issues of the present campaign.

"This board is being printed and distributed at the expense of the Democratic State Committee, which will

see to it that the Democratic column will be constantly supplied with fresh, forceful facts for the information and the guidance of voters. To the end of securing a full, free and fair discussion of the questions now agitating the people of the state, we strongly urge your co-operation to the extent of keeping your party's space filled with similar material.

"I enclose, herewith, a copy of our first bulletin, which will give you the key to our plan.

"I shall be glad to answer any question regarding it or to co-operate with you in any other way in making this revival of the town meeting idea effective."

A further sidelight on the scheme is afforded by the first bulletin put out by the Democratic committee. It contains a cartoon, in which a caricature of Penrose is at one side, while on the other Dr. Brumbaugh, pictured as a mask and labeled "The Mask of Respectability," shields McNichol, Vare, Standard Oil, Special Privilege, Liquor interests, Capitol Graters and the Ward Healers. Underneath the first picture is a title, "This is Penrose." Beneath the second, "This is Penroseism." The bulletin is headed, "Why this Bulletin Board?" and reads as follows:

"Why should the Democratic party erect bulletin boards all over the state for every other party to set forth its claims to the voters?"

"Simply because the Democratic

party is the party of democracy. It sincerely believes in putting all the issues up to the people themselves. It wants the people to know all the facts, weigh all the factors and vote according to their enlightened and patriotic judgment.

"Of course, a political party must be very sure of itself—of its platform and of its candidates—to be willing to hire a hall, as it were, in which its rivals may speak.

"Well, that is so. Point for point man for man, the Democratic case invites comparison with all the other parties.

"Because we trust the people's enlightened judgment, and because we esteem it a patriotic privilege to be able to bring the arguments of all parties before the voters for free discussion, we have erected this bulletin board.

"We invite the co-operation of all citizens in preserving it for its highest use."

The board is printed on heavy yellow cardboard, and is 48 inches in width by 22 inches deep. It is expected that before the end of this week several thousand of these boards will be in use. The Washington party and the temperance organizations of the state have agreed to co-operate and to use the spaces allotted to them by the Democratic committee. A miniature reproduction of the board is shown on this page.

Memoirs of Napoleon In Three Volumes

The personal reminiscences of Baron de Méneval, for thirteen years private secretary to Napoleon Bonaparte, bring out, as no history can, many enlightening and interesting side lights on the character of that greatest of leaders. De Méneval's descriptions have the piquancy and interest possible only because he was an actual eyewitness of the scenes and incidents of which he writes. Their reliability and historical interest can be judged by the fact that the very conservative French Academy publicly recommends them.

JAMES E. CLARK

MCCORMICK ON BRUMBAUGH.

Last week at Pittsburgh Hon. Vance C. McCormick, Democratic candidate for Governor, speaking on the issues of the campaign put the following pertinent question about Dr. Brumbaugh: Just who is the real Dr. Brumbaugh? He declares against bossism and is the candidate of Penrose. He

maintains that he is without entangling alliances, yet his announcement followed only after a consultation with Penrose and Oliver.

He declares for local option, and the liquor men endorse him with their contributions and his picture in their display windows. When he protests that his local option declarations are questioned, the Personal Liberty party, that new adjunct to the liquor campaign, names him with Penrose for its candidate.

He complains about the miserable roads in Pennsylvania; yet Bigelow and his highway political machine are working for him tooth and nail on the State's time. He declares for civic righteousness, while McNichol and Vane, with their tenderloin following, proclaim him their standard bearer.

He advocates a workmen's compensation act, and backing him are Senators Crow and Snyder and the other special interest representatives, who killed a similar bill last session. He shouts for a child labor bill, and the answer is the rallying cry of the Grun-dies, who throttled such a measure in the last Legislature.

He declares against all things vicious, and to a man the vicious elements of Pennsylvania are supporting him. Who is the real Dr. Brumbaugh? Which Dr. Brumbaugh will be Governor?

THE ISSUE OF THE BALLOTS.

Shall President Wilson and the Democracy be guaranteed against any handicaps or obstacles to interfere with the continuance and consummation of the great Democratic work of justice, safety and progress now so far advanced toward completion? That is the issue which will confront the people in the Congressional elections in November. The necessity of the continuance of a Congress Democratic in both branches, is so great that of all propositions before the American people, it constitutes the prime and paramount one to-day. In the next two years of the Wilson Administration, the President is going to need the support of a Congress Democratic in both its branches. The Democracy and the people of the United States are going to need the completeness of Democratic strength.—the Democratic President in the White House, a Democratic majority in the Senate, a Democratic majority in the House of Representatives—whereby the party has been enabled to accomplish its splendid achievements of constructive, creative policies and legislation, and without which it cannot carry them to perfect consummation. The only way to meet this issue is to vote for Palmer for U. S. Senator and Brodbeck for Congress.

Tired Blood

That which is lacking in vitality, debilitated, weak and thin, cannot possibly give proper nourishment and strength—it must be purified, built up and vitalized by HOOD'S SARSAPARILLA.

Something to Think About

What is your opinion as to President Wilson. Do you feel that in preventing war with Mexico whereby thousands of American lives were saved; a war debt of millions of dollars prevented, and the people of the entire country, you among them, saved from untold hardships. President Wilson was acting in your interests and for your benefit?

This is only one of the big things that the President has accomplished, and in all that he has done, he has been supported by Congressman Brodbeck who is now a candidate for re-election. If you believe in President Wilson, and that he should continue to do things for your benefit, you will have to elect men to Congress who will support him, and you can rest assured that Mr. Brodbeck will stand, as he does now and has, to back up the President.

Mr. Brodbeck has been faithful in performing his duties as a member of Congress, he has been ready to take up and act upon matters that were presented to him by residents of this District.

Think this over; talk to your friends, impress on them the importance of the coming election, and the importance of supporting and voting for Mr. Brodbeck on November 3rd.

How Bad Backs Have Been Made Strong—Kidney Pills Corrected.

All over Gettysburg you hear it. Doan's Kidney Pills are keeping up the good work. Gettysburg people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills the remedy that has helped so many of your friends and neighbors. Follow this Gettysburg citizen's advice and give Doan's a chance to do the same for you.

G. W. Bowers, carpenter, Gettysburg says: "I have used Doan's Kidney Pills and have found that they do me more good than any other kidney remedy. One of the younger members of my family had weak kidneys and Doan's Kidney Pills cured her. I advise anyone who has kidney complaint to take this medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bowers had. Foster-Milburn Co., Props., Buffalo, N. Y.

War News and Health.

"I could a tale unfold, whose lightest word would burrow up thy soul—" With the greater portion of the space in the newspapers devoted to the news from the fields of conflict it is inevitable that the interest of the nation should be centered upon the Titanic struggle now waging. Modern facilities for the gathering and transmission of news make it possible for all of us to familiarize ourselves with the details of the struggle. The strictest of censorship does not forbid the publication of page after page of distressing stories.

It verges upon the miraculous, this ability to read at the breakfast table history which has been made but a few hours previous. We pay a price for it however greater than is generally appreciated. Continual depression of mind reacts upon the body and interferes with its functions. Dwelling upon the harrowing stories of peaceful cities devastated and death and destruction stalking grimly over Christian lands cannot help but stir the most phlegmatic soul with horror. With these vivid impressions continually before us day after day the most serene surroundings take on a dire aspect. Peace and quietude are impossible.

The effect of all this upon those who are not unusually vigorous and sane may be positively dangerous. For those who are aged and infirm it is certain to result in marked physical as well as mental depression. The connection between the mind and the nerve centers which control the vital organs of extreme delicacy and is little understood. Certain it is that continued mental disturbance is often the forerunner of serious bodily ailments.

While it is not to be expected that anyone will entirely abstain from keeping the run of the war it is well to exercise restraint in this regard. Do not allow it to monopolize your thoughts. The cultivation of optimism and a cheerful view of life is at all times desirable; under the present conditions it is the best of health insurance.

The first educational meeting of Huntington township was held at Wieman's school house, Edgar Smith teacher, on Friday evening, Oct. 2.

The meeting was opened by Russell Gardner in the chair. Quite an elaborate program was rendered by the school. The house was crowded to its utmost capacity. Fully as many standing on the outside as there were inside the house. Various subjects were discussed by Gates Linah, Wilson Hummelbaugh, George Gardner, Edgar Smith, Russell Gardner and Mrs. Miller. Miss Maude Wieman gave a very beautiful selection entitled "The Wind." The following teachers were present: Edgar Smith, Geo. Gardner, Russell Gardner, Gates B. Linah, Wilson Hummelbaugh, Belle Toke, Naomi Hoke, Miss Heller and Mrs. Miller.

The next meeting will be held at Hickory Point school house on November 9.

The Microbe Menace.

Our wide general information, in this day of the Sunday newspaper, tells us that the real danger of the time is the quiet microbe. We could even wish that microbes clanked chains, and then we would know they were about and speed for the prophylactic. The innumerable devils of the middle ages, invisible but always somewhere in the neighborhood, have been neatly replaced by the discoveries of bacteriology and if we hadn't got used to them, living would be an almost impossible anxious performance. The vacationist, reading the warning issued by his government against the bacterial dangers of simple country living, would stay hopelessly in the city—and then, learning of the bacterial dangers of summer life in town, would eventually be driven to suicide by drowning as the coolest way out of his troubles.

Microbes, microbes everywhere. In the water, in the air!

Kicking up a deadly row. In the product of the cow.

You can almost hear them mutter in the milk and in the butter.

First Beef Extract Factory.

Something over a hundred years ago the hacendados (ranchmen) of Uruguay complained to the government that over 450,000 head of cattle were being killed annually for their hides alone. The carcasses were thrown to the dogs or left on the rolling pampas for the vultures to devour. Beef in Uruguay was so plentiful that it was something of a nuisance evidently. Of course that day has passed, but they still have cattle enough down there to convert some 700,000 head into 113,000,000 pounds of jerked beef in one year, most of which is sold to Brazil, Cuba, Porto Rico and other tropical countries. Perhaps but few people know that the first beef extract factory for the production of beef extract was established at Fray Bentos, a little city on the Uruguay river about a hundred miles above Buenos Aires, the cosmopolitan capital of Argentina, and that it is still operating. Fray Bentos has been called the greatest kitchen in the world. On some days 2,500 head of cattle are slaughtered.—Argonaut.

Theater Headaches.

The most frequent cause of headaches occurring during or after the theater is eye strain. People who use the full energy of the delicate eye muscles to obtain perfect vision are often unconscious of this strain. In the theater the continuous effort to keep everything constantly focused exhausts the nerve centers and headache results. The practice of seating the audience in total darkness while they are staring into an intensely lighted stage is another serious factor. The pupils, being widely dilated in the dark, admit the excess of light from the stage, often producing irritation of the eyes which lasts sometimes for days.

Those subject to headaches should never sit where it is necessary to raise the eyes to watch the stage. This unnatural position of the eyes is very tiresome even to those who never have trouble at other times.—Journal American Medical Association.

More Than Enough Is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again.
